Internships in Germany: SCHORLEMER STIFTUNG

Mixed Farm placements:

(All hosts speak German plus the additional languages if noted.)

Host M1:

A farm with 3 farms in one (approx. 100ha) giving **diverse insights into animal keeping** (cattle, pigs, laying hens, dairy cattle, bees) as well as arable farming and vegetable production. The placement gives opportunity to participate at the farm café, the bakery, direct marketing, milk processing, stable work and harvesting processes. The host speaks English, French and Spanish.

(internship as part of studies/apprenticeship required)

Host M2:

A **dairy cattle farm** (120 dairy cows, 120 offspring) with approx. 100ha for experiencing barn and grassland daily routines of milk production. You will live in a family that also speaks English.

(internship as part of studies/apprenticeship required)

Host M3:

Our third mixed farm (100ha) close by the sea focuses on **sow farming** (1000 animals) but also has **goats and sheep** (30 animals), a biogas plant, alternative energies. The host speaks English and Danish.

Host M4:

A 170ha **arable farm with cattle** (200 animals) and **poultry** (36000 animals), biogas plant, renewable energy, farm shop. The English and Dutch speaking host is looking for an intern from 2024 on.

Host M5:

A 175ha **dairy farm** (115 cows) with **poultry for fattening** (30.000 animals) and modern machinery. The host is a member of the local fire department, very dedicated and is looking for an intern from 2024 on.

Host M6:

This large modern community farm (700ha) is a **dairy farm** which is ecologically certified by **Naturland**. They lay a special focus on animal health and welfare. Additional there are several farming areas where you might have insights as well such a milk processing, direct marketing or laying hens. There is an international team on the farm, but basic German skills are mandatory.
